

TWO-IN-ONE COMPLETE PROTECTION. BATTERY TERMINAL TREATMENT KIT.

STOPS CORROSION.

NCP2 is formulated to make all surfaces impenetrable to corrosion-causing acid fumes. Environmentally safe and resistant to reversion, moisture, shock and vibration.

EXTEND BATTERY LIFE.

Stops battery corrosion for the life of your battery. Eliminates resistance for improved cranking power.

CLEAN AND PROTECT.

NCP2 Battery Corrosion Preventative can be used in conjunction with NOCO Step 1 Battery Cleaner + Acid Detector and other NOCO Step 2 products for ultimate protection.

PROVEN FORMULA.

THE ORIGINAL CORROSION PREVENTATIVE.

For over one-hundred years, NOCO NCP2 Battery Corrosion Preventative products have prevented corrosion in billions of applications around the world. Its original formula remains unchanged since 1914, and is made in the USA.

PREMIUM OIL-BASED FORMULA.

NCP2 is made from a premium oil-based compound that never dries or evaporates. This viscous compound provides an impenetrable seal around battery terminals, keeping them free from power robbing corrosion.

UNIVERSAL APPLICATION.

NCP2 is suitable for battery terminals, cables, hold-downs, battery boxes and more. NCP2 Terminal Protectors feature a removable ring to accommodate side post applications.

KIT INCLUDES

TECHNICAL SPECIFICATIONS

CHEMICAL TYPE:	Battery Corrosion Preventative	
APPEARANCE:	Red or Orange Viscous Compound	
NET FILL:	1 fl. OZ (29.57mL)	
VOLUMETRICS:	Retail Packaging: Dimensions: 4.50" x 1.13" x 7.00" Weight: 0.12 lbs UPC: 0-46221-40103-5	Master Carton: Dimensions: 5.19" x 4.69 x 7.50" Weight: 0.90 lbs Quantity: 6 UCC: 20046221401039
	Units Per Pallet: 2880 Units
