X140W

## COMPACT AND PORTABLE. XGRID USB-C CHARGER.

### 2 PORT

#### DUAL-PORT DESIGN.

Charge any single device at 140 watts of pure power. Or charge two devices simultaneously with intelligent power sharing - 100W/30W, 65W/65W, or 30W/100W.

### USB-C

#### FAST CHARGING.

Experience the latest fast charging technologies - Power Delivery (PD), Quick Charge (QC), and Programmable Power Supply (PPS) - to charge up all your USB-C devices faster than ever.

### POWER SHARING

#### DYNAMIC POWER SHARING.

Seamlessly adjusts power distribution across both ports, delivering the most efficient and safe charge to each device exactly when needed.
